

What's the big deal?

**Stuttering affects
only 1% of the
world population.**

(that's 80 million people)

Every day, 80 million people around the world have difficulty ordering a meal, talking on the telephone, or just saying their name. Maybe you're one of them. Or maybe you know someone who stutters.

Since 1947, the Stuttering Foundation has sought to help those who stutter.

We know how difficult the daily life of a person who stutters can be. We also know that there are proven, effective ways to help.
Let us help you.
