

What's the big deal?

**Stuttering affects only 1%
of the world population.**

(that's 80 million people)

Every day, 80 million people around the world have difficulty ordering a meal, talking on the telephone, or just saying their name. Maybe you're one of them.

Since 1947, the Stuttering Foundation
has sought to help those who stutter.

We know how difficult the daily life of a person
who stutters can be. We also know that there
are proven, effective ways to help.
Let us help you.
